

Understanding Your New York State Vision Plan Benefits

The New York State Vision Plan, administered by Davis Vision, offers a nationwide network of providers specializing in preventive vision care and corrective vision services.

Through regularly scheduled eye exams, you can maintain better vision and overall health. Eye exams can help determine if you need vision correction—or even detect underlying conditions like diabetes or high blood pressure.

PLAN FEATURES

- Routine eye exams
- In-network frames, lenses and contact lenses
- Out-of-network vision care reimbursement

ADDITIONAL PLAN FEATURES FOR SELECT GROUPS

- Laser vision correction discounts
- Additional pair of job-related eyeglasses

For questions on your benefits and what is covered, please contact the dedicated **New York State Vision Plan** customer call center at 1-888-588-4823.
